• TDMA – Channel ID plan and site assignments – Marshall County has requested one site for St. Joes. Motion by John Zilinski, second by Fred Channell. Passed.

• North Mountain Co-Locate by cell phone company – A company is requesting to go on North Mountain, but an engineering study determined that the tower fails based on Rev. H analysis. The cost was in excess of what the cell phone company desired to spend, so it is on hold at this point.

• Lick Knob – The tower is probably going to have to be moved due to the desire to mine the area under the tower. Tyrone is going to attempt to get coordinates for analysis.
